

BitCoast[®]

Turnkey Bitcoin Mining for Tax-Optimized Bitcoin Accumulation

Our mission is to empower investors through strategic bitcoin mining ownership.

By combining transparent operations, personalized guidance, and tax-efficient investment structures, we make bitcoin participation simple, secure, and rewarding.

We're committed to building long-term partnerships founded on trust, education, and shared growth in the evolving digital economy.

coast with confidence

The BitCoast Team

Timmy Smith
Co-Founder and CEO

Timmy Smith is a seasoned entrepreneur and owner of 14 franchise units with over 400 employees. He has deep expertise in asset management, acquisitions, and fundraising with 12+ active investor partners for passive equity strategies.

Since 2017, Timmy has been actively acquiring bitcoin. He is active with projects in the digital economy including advisement for digital currency mining, investing, and community engagement.

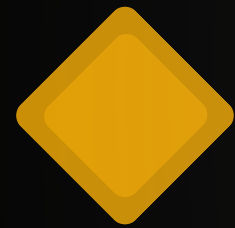

Taylor Merrill
Co-Founder and COO

Taylor Merrill is a senior strategy leader focused on high-value capital deployment and recurring revenue programs for enterprise clients, with a background in helping executives source, negotiate, and operate mission-critical systems.

He has been actively accumulating Bitcoin since 2017 and brings a conviction-driven, long-term perspective to the asset class. Scaled technology startup to 200+ employees that sold for \$115 M in 2024.

Why Mine vs. Spot

The Tax Advantage

Tax Deduction

Write-off 100% of your initial investment using Section 179

Lower Cost Basis

Acquire Bitcoin by mining it 20-40% below Spot. More Bitcoin for less.

Passive Returns

Take the guesswork out of timing the market. Mining offers the DCA approach by investing every day.

Higher Returns

35-50% returns - not including Bitcoin CAGR of 30-50% annually.

Net More Bitcoin

Miners enable access to more Bitcoin over time than Spot by 150-300%.

Turnkey Bitcoin Mining

From start to finish, BitCoast gives you a turnkey bitcoin mining operation.

Miner Acquisition & Deployment

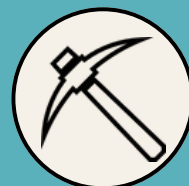

We source and purchase industrial-grade Bitcoin miners for you.

1

Hosting & Operations

Your miners are professionally hosted, powered, cooled, and maintained.

2

Bitcoin Revenue

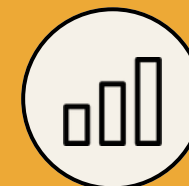

The miners generate ongoing Bitcoin deposited to your account.

3

Ongoing Support & Reporting

You receive clear performance reports and help managing your Bitcoin.

4

Funds Deployed

Miners Secured
